

Resolution 01-07 Review "Prime Time"

February: First Reading
March: Second Reading, Passed
Presented by Senator Irene DiMaio

The LSU Faculty Senate supports the request of the Department of Foreign Languages and Literatures asking that the definition of academic "prime time" promulgated by the Office of the Provost in Fall 2000 be suspended pending full and formal consultation by the Office of the Provost on this question with the LSU Faculty Senate and the Student Government Association. The definition of "prime time" in force prior to Fall 2000 would become effective again during this suspension.

Further, the LSU Faculty Senate supports the request of the said department that, in future, measurement of compliance with prime time requirements be made by department and not by rubric.
